Waihi - New Zealand's Heart of Gold has a rich and fascinating history which includes over 100 years of gold mining. Today, mining operations exist alongside fascinating reminders of our golden heritage. The breathtaking Karangahake Gorge and the golden sand of Waihi Beach are just a few of the natural attractions we enjoy while we also cater for sport, recreation and the arts. Our area also boasts a diverse range of businesses including tourism, dairy and dry-stock farming and manufacturing.
