

Waihi College International

Newsletter

Number 4 2020

Kia ora! Hopefully you and your loved ones remain well and your country continues to make progress in the battle against covid-19.

We are now in Level 3 - affectionately known as Level 3.9 or Level 4 with take-aways. Businesses are allowed to open if they have zero physical contact with customers. Families are allowed to extend their bubble *slightly* to include a caregiver or another family member. We can go surfing! But otherwise, things are essentially unchanged.

What's happening at Waihi College:

- Online classes continue
- School is open for students under 14yrs who are unable to study from home

Students:

- All are engaged with online learning and their progress is being monitored
- All are attending our weekly International Zoom meetings
- All are being contacted throughout the week to ensure health and wellbeing

Host Families:

- Lisa continues to liaise closely with host families
- All families were **very** appreciative of the bonus host family payment, thank you! Food seems more expensive and with teenagers home all day every day, the extra money has really helped.

Where to from here:

On May 11 the NZ Government will decide to either continue with Level 3 or move to Level 2. At Level 2, we expect all students to be able to return to school.

STAY SAFE AND STAY WELL!
